Foreword

Keys have come to be important devices that man uses each day in his life. Sanger High School Students, too, find keys to be of value; however, many of the keys that we as students find most valuable are not the ones that enable us to start our cars and open our houses. These more important keys, instead, are the ones that help to constitute a well-rounded school; Participation...the key to school life, Understanding...the key to administration, Friendship...the key to classes, Excellence...the key to personalities, Teamwork...the key to sports, Interest...the key to organizations, and Co-Operation...the key to community sponsors.

Although not physically visible, these keys are recognized and taken for granted by most Sanger Students. The purpose of the 1970 Golden Warrior, therefore, is to make the student more aware of the areas that have become such a tradition and a part of our school by focusing attention on the special qualities that have become the keys to our typical schools in Sanger. We, the Golden Warrior Staff give you this key to Remembrance...THE 1970 GOLDEN WARRIOR,

The Annual Staff

Dedication

We, the Golden Warrior Staff, wish to dedicate the 1970 Golden Warrior to Mrs. Daisy Cook, who has helped us so faithfully in publishing this edition of the Golden Warrior. It is through her kindness of taking over in the middle of the year, that makes this book of memories possible. Thank you, Mrs. Cook.

But it's just till May ya'll.

O.K. what wise guy brought his pillow?

But my name's not Cash.

They'll never piece those 3 n together.

But I use a mouthwash!

See? He can smile.

Administration and Faculty

Superintendent's Message

To the Students of Sanger Public Schools: As administrator of this school system, this has been a most rewarding year for me. Our new buildings are now under construction and our student body attitude has been outstanding. I have one personal quote to leave with you to remember through life: "Attitude outweighs aptitude."

Herbert E. Arledge, Superintendent

Board of Trustees

L. to R.—Mac Cole, Carl Sadau, Tommy Kincaid, Supt., Herbert Arledge, Neal Odom, O. W. Davis, Jr., Ken Cornell, Nathan Brown

Principal's Message

As we look forward to this school year 1969-1970, we look forward with a realization that a firm foundation for the future of Sanger High School has been formed by former faculty and students as evidenced by a long record of achievements and successes.

For this reason, we are challenged to work together to meet our responsibilities that are of the heritage of Sanger High School.

I trust that the school year 1969-1970 will be a beneficial year for each student and an enjoyable experience for our faculty in their chosen profession—Education. J. Coleman Stanfield

Principal's Message

To the Seniors of 1970, I would like to extend a hearty "Congratulations!" This has been a good year for you and a year that might be used as an example for our younger pupils. As you leave this phase of your educational process, it is my most sincere desire that you continue to seek the high goals and ideals as you have in the past.
